8 How to Contact Us

Thank you for selecting LEGO® City Undercover: The Chase Begins for Nintendo 3DS™.

This software is designed only for use with the European/Australian version of the Nintendo 3DS system.

Please read this manual carefully before using this software. If the software is to be used by young children, the manual should be read and explained to them by an adult.

Before use, please also read the Operations Manual for your Nintendo 3DS system. It contains important information that will help you enjoy this software.

◆ Unless stated otherwise, any references to "Nintendo 3DS" in this manual refer to both Nintendo 3DS and Nintendo 3DS™ XL systems.

Health and Safety Information

⚠ IMPORTANT

Important information about your health and safety is available in the Health and Safety Information application on the HOME Menu.

To access this application, touch the ⚠ icon on the HOME Menu, then touch OPEN and read the contents of each section carefully. When you have finished, press HOME to return to the HOME Menu.

You should also thoroughly read the Operations Manual, especially the "Health and Safety Information" section, before using Nintendo 3DS software.

For precautions related to wireless communication and online play, please refer to the Operations Manual, "Health and Safety Information".

Information Sharing Precautions

When sharing content with other users, do not upload/exchange/send any content that is illegal or offensive, or could infringe on the rights of others. Do not include personal information and make sure you have obtained all necessary rights and permissions from third parties.

◆ Any content you upload/send may be re-distributed by other users.

Language Selection

This title supports nine different languages: English, German, French, Spanish, Italian, Dutch, Portuguese, Russian and Danish.
You can select a language when you first start the game. If you wish to change the language during the game you can do so in the Pause Menu. Please note that changing the console language does not affect this game's language setting.

Age Rating Information

For age rating information for this and other software, please consult the relevant website for the age rating system in your region.

◆ Tapping ? displays hints throughout the game. It is possible to skip through a hint you have viewed once already by tapping the Touch Screen.

Saving Data

Your game progress will be automatically saved to the file you chose on the Select Slot screen.

- A rotating icon will be displayed while the game is saving.

Deleting Data

To delete save data, select a file to delete on the Select Slot screen and then press Ⓨ.

- Deleted data cannot be recovered, so be careful.

- Do not turn the power off, reset the system or remove Game Cards/SD Cards while saving. Make sure not to get dirt in the terminals. These actions could result in permanent data loss.
- Do not use external accessories or software to modify your save data, as this can lead to an inability to progress or loss of save data. Any modification is permanent, so be careful.

Disguise Swapping

Chase McCain goes undercover in a variety of different disguises that give him a wide range of exciting abilities. Using ↑ or tapping the disguise icon in the top left corner of the Touch Screen will allow Chase to quickly switch to any of his acquired disguises. Tap and hold the disguise icon to open the Disguise Selector.

Equipment

Chase McCain must rely on many different types of equipment if he is going to be successful at fighting crime in LEGO® City. Each one of Chase's disguises comes with its own unique pieces of equipment. Use this equipment to fully explore all of LEGO® City's many hidden secrets.

Free Running

Free running is a new addition to the LEGO® series that allows Chase to move effortlessly around LEGO® City at high speed. Look out for the blue and white coloured obstacles situated throughout LEGO® City. Approach them and press Ⓑ to perform acrobatics and overcome obstructions to reach areas of LEGO® City you never thought could be explored.

Wiretapping

Wiretapping allows you to listen in on secret conversations. Stand on a wiretap location and press Ⓐ to begin searching for a signal. By moving the Nintendo 3DS system around, you can focus on a conversation to listen in on!

- Chase can only wiretap when in a police disguise.

This software involves moving the Nintendo 3DS system around while you play.
Ensure that you have adequate space around you and that you hold the system firmly in both hands while playing. Failing to do so could result in injury and/or damage to surrounding objects.

The combat system in LEGO® City is a brand new system that allows Chase McCain to focus his attacks on multiple enemies but at the same time, defend from multiple attackers.

Quick Throws

Press Ⓨ when close to an enemy and Chase will automatically perform a quick throw.

Grabs and Advanced Throws

Press Ⓐ when close to an enemy to grab them. Once an enemy has been successfully grabbed, pressing Ⓐ again will change Chase's hold on the enemy. Changing the hold allows Chase to perform lots of different throws and ultimately earn many more Studs! Try experimenting with different combinations to get the best results.

Aimed Throws

When an enemy has been grabbed, press and hold Ⓨ, aim the throw with ◯ or ✣, then release Ⓨ to throw in the specified direction.

Counter Attacks

Pressing Ⓧ at the correct moment will allow Chase to counter any attack. Watch out for the on-screen button prompt!

Handcuffing

Once an enemy has been defeated, Chase must quickly handcuff them before they can recover. Approach the enemy and quickly press Ⓐ before the time runs out.

Bonus Multipliers

Remember, the more variety in the attacks Chase uses, the more LEGO® Studs he receives at the end of combat. Experiment with all the different moves to gain as many Studs as possible!

LEGO® Studs

LEGO® Studs are scattered throughout the game. You can also obtain them by defeating enemies and destroying objects. Collect them and spend them on vehicles, disguises and Red Brick extras in the police station Operations Room.

Super Bricks

Every breakable LEGO® object within the game contains Super Bricks. Break apart LEGO® objects to reveal the Super Bricks. You can also search for hidden ones located around LEGO® City. Collect enough of them and you'll be able to build special Super Build structures.

Red Bricks

There are 21 special Red Bricks, which can be found in different locations in LEGO® City. Collect them to unlock Red Brick extras.

Postcards

When at an observation point in LEGO® City, aim the binoculars at just the right spot to be rewarded with a special postcard for that location.

Vehicle & Disguise Tokens

Vehicle and disguise tokens can be found all over LEGO® City. Purchase the corresponding disguise or vehicle with Studs from the police station Operations Room to enable them to be used throughout LEGO® City.

StreetPass™ Features

Send LEGO® City collectables to other players using the unique StreetPass gift package feature! Head over to the police station and access the mainframe to view the Gift Packages screen. Here you can send and receive special gift packages containing up to five LEGO® City collectables.

To communicate using this feature, all players must activate StreetPass for this software on their Nintendo 3DS systems.

Creating a Gift Package

- Access the mainframe and select GIFT PACKAGES.
- Select OUTGOING GIFT PACKAGE.
- Select one of the five empty slots.
- Add the desired gift!

Receiving a Gift Package

- Access the mainframe and select GIFT PACKAGES.
- Select INCOMING GIFT PACKAGES.
- Select the received gift package to view and accept its contents.

● Activating StreetPass

Activate StreetPass by selecting YES when prompted upon launching the game.

● Deactivating StreetPass

To deactivate StreetPass, open the System Settings and select DATA MANAGEMENT, then STREETPASS MANAGEMENT.
Touch the icon for this software title, then select DEACTIVATE STREETPASS.

Parental Controls

You can restrict StreetPass via Parental Controls.
